15. Casa Chablé - Mexico

A brand new seaside escape in Mexico's pristine Sian Ka'an Biosphere, Casa Chablé is wedged between tropical jungles and lapping Caribbean waves, perfect for eco-minded travelers looking for the best of both worlds. Offering five beachfront bungalows and a main villa with five guest rooms, this one-of-a-kind retreat promises both seclusion and connection. Discover hidden bays, impressive archeological sites, and pristine beaches at your doorstep while enjoying the best of Casa Chablé's barefoot luxury experience.

Casa Chablé draws exclusively from renewable wind and solar energy and employs reverse osmosis to repurpose gray water for irrigation. Unique projects in mangrove reforestation, eliminating single-use plastics, and sourcing local artisan-made decor support people and places in this special destination. It's just a small part of **the property's commitment to the biosphere it calls home, a UNESCO World Heritage Site and the largest protected area in the Mexican Caribbean.**
